

## Kamchatka In Early Summer - Sea Mammals, Whales, Birds, Bears And Volcanoes

KK-07

This expedition to Kamchatka will take place in early summer - the best time to see migrating and breeding birds, land and sea mammals and wild flowers before the mosquitoes become troublesome. We will start our journey from Petropavlovsk on a small newly refurbished ocean-going cutter and explore the southeast coast of the peninsula. This is an extremely remote and seldom visited part since no roads reach it and very few boats venture along its shores. It is a wild and spectacular coast with towering, snow-capped, volcanoes including Viluchinsky and Mutnovsky. There are small islands and sea stacks which are the home of thousands of breeding seabirds including puffins and auks. Steller's Sea Lions haul out on the ledges. In sheltered bays Sea Otters and seals swim and on the high cliffs the magnificent Steller's Sea Eagle breeds.

The actual visa processing times are published on our website. Please advise us if you require your passport urgently, we can arrange urgent processing for an additional charge.

#### Non-UK, USA, Germany, France, Spain residents

If you are not resident in the above countries, we will issue official paperwork and email the required documents to you. You will need to apply for your visa at the local consulate.
